### Let's ALL get.....

- a regular sleep pattern
- the right amount of time in bed
- a quiet, dark comfortable bedroom that isn't too hot or too cold
- down time – reading a book and listening to relaxing gentle music help

### AND KEEP

**all distracting electronic equipment  
(including PHONES iPads computers TVs)  
OUTSIDE the bedroom**

### Let's ALL keep on learning and growing and ACHIEVING.....

We're working on our third STARR value ACHIEVEMENT

What does this look like in action?

Ask your kids to share their experiences about this with you 😊

### Asthma Awareness:

Our school recognises that students diagnosed with asthma need to be supported. We need to know what can trigger it in individual students so that we can work with you to provide support and treatment if required. We do our very best to reduce asthma triggers in our immediate environment where possible. Please make sure that your child's ASTHMA CARE PLAN is kept up-to-date, and that the information required for the Student Health Care Support Plan is current if your child has asthma. It is excellent for parents to encourage their child to learn to manage their asthma including recognising triggers.

**Sshhhhhh!** Mothers' / Special persons' Day stall coming up.....

Keep safe
