Enrolments for 2025 Prep are now open! This year government schools in the Outer East Region are using an online system for 2025 Prep enrolments. The portal is called VicStudents and is now open for families to enrol their 2025 Prep students. We look forward to welcoming new families and as well as siblings of current students. If you know of any families in the area with a child starting school next year, please encourage them to book a tour and enrol today.

To commence an online enrolment visit <https://students.educationapps.vic.gov.au/s/> to create an account and complete the online application form. Please ensure that all documents required are attached to the application. Parents wanting to submit a paper copy of their enrolment form and documentation directly to the office, can do so, and we will assist with the enrolment process.

Next week the Grade 3/4 students are going a three-day camp to Phillip Island. This is an exciting time for the students as camp provides time with friends, engaging in activities that would not be able to do elsewhere. For some, it will be their first time away from home for an extended time and, whilst this can be a little unsettling, it is also incredibly beneficial in building independence and resilience. Students are supervised at all times when on camp and school staff enjoy nurturing the students, taking on the role of teacher and parent. We look forward to hearing all about their adventures while away.

This term is a report writing term where staff will spend time thoroughly assessing student progress and creating data which will inform Semester 1 Reports. It is important that students come to school on time, well rested and ready to participate at school in a positive way so that the Semester 2 Report is a true representation of each student.

Visual Art

We are starting this term by creating art using clay. The first week was very engaging and we got a little messy. I apologise if uniforms had to be rewashed on the first day of school. I can't wait for the students to paint and seal their clay creations. When they do, I will include some photos of their artwork.

Art Smocks

Could all students come prepared with an art smock for Art please, to avoid uniforms getting dirty. This need not be an expensive purchase an old adult shirt at home may prove very suitable. It's best if each student has their own, which is clearly named, so that it is an effective and dry at the time of use.

Performing Arts

We are focusing on Music this term. Year 5/6 are particularly excited about using musical technology to create Loops, tracks and songs.
