Free Dental Care is not just for Health Care Card Holders.
The Child Dental Benefit Scheme introduced by the government on January 1st 2014, is continuing. It entitles all eligible children aged 2-17 years old to general dental care up to the value of $1000 over 2 years. Families who receive Family Tax Benefit Part A or a relevant Australian Government payment will receive a letter outlining their eligibility. Children and youth who attend public dental clinics will not incur out of pocket expenses with the Child Dental Benefit Schedule.

Our normal dental care continues to operate for all 0-12 year old children and eligible 13-17 year old youth at no cost. (Youth must be a holder or dependant of a health care or pensioner concessioner card holder, in out-of-home care provided by Department of Human Services or in Custodial Care).

Following their treatment, your child will be placed on our patient recall system and receive a reminder letter when their next appointment is due.

Please do not hesitate to phone the reception staff at EACH Dental if you require any further information about our dental services.

Thank you for your assistance.
